Displays & Display Bins

Brochure Wallets & Leaflet Holders

Economy - Standard grade double sided tissue tape providing excellent performance on most surfaces.

Premium - Within the print finish environment the demand for new inks and high gloss UV varnish has caused many problems for bonding due to their low surface energy. For this we recommend our Premium tape, an ultra high tack product, for secure bonding to UV varnishes. Also works well on many rough and stiff substrates.

Premium Fingerlift - This fingerlifted version of our Premium tape enables extremely quick and easy application. The over sized paper release line allows the paper to be easily grasped and removed.

	Standard sizes	Rolls per carton	Price per carton*
Economy tape	6mm x 50M	180	£90.00
	9mm x 50M	120	£86.40
